THE PROOF :

ATLANTA, GA., November 18, 1873.

P. Van Alstine, Esq., Barnesville, Ga.;

DEAR SIR—You must excuse me for this outburst of praise for your invaluable medicine, and thanks to you foor placing it within my reach. Let me tell you about it: To-night, after supper, I was attacked with a very scute pain in my right side. I had felt it coming on for several days, but it did not reach a focus until to-night, and of all intense pains, it was the worst I ever lad. Having tried your Balsam before for different silments and found it equal to any emergency, I went down suffering m at exerciciating pains as I went along, and paid my last quarter for a small bottle of Jackson's Magic Balsam. It was with the greatest difficulty I reached home. The medicine was applied to the hurting place, and in a few minutes after the application, I took my pencil, and while I scribble these lines to you the pain has disappeared, leaving me as happy as the usual sun flower, and another dose of the Magic Truck in the bottle ready for any pain that might arise. I only wish you as much good lack as your Balsam is efficient, and that is a great deal.

Yours truly,

You of curse mean, with the Levessary preparation. Experience teaches, that to hulld and equip a first-class of the Superior Court alone has the jurisdiction to take outton mill, not less than \$30 per spindle is required, bail in capital cases, but the City Court is not "an perience teaches, that to build and equip a nest-class of the mill, not less than \$30 per spindle is required, which amount covers all expenses, including the inferior court" in its relation to the Eu, erior Court, or ms. To keep 250 lcoms in motion will require about 19,00 spindles, which, at \$30 per spindles, will make the cost your fill; \$30,00 per spindles, will make the cost your fill; \$30,00 per spindles, will make the cost your fill; \$30,00 per spindles, will make the cost of your fill; \$30,00 per spindles, will not spindles, will be superior Court, nor by the Superior Court.
